

“

Bahrain Gas is a trusted national partner of the Kingdom of Bahrain, delivering safe and uninterrupted LPG solutions through worldclass projects and a reliable nationwide network. ”

A legacy of safety, trust, and gas expertise **built over six decades.**

ABOUT US

Bahrain Gas is the Kingdom of Bahrain's trusted provider of safe gas distribution, commercial kitchen equipment, home appliances and fuel management system, serving residential, commercial, and industrial customers across the nation.

Established in 1962, the company has evolved from a gas distribution business into a comprehensive one stop solution provider, offering LPG supply, gas system design and installation, commercial kitchen solutions, and modern home appliances.

Safety remains at the heart of Bahrain Gas's operations, with strict adherence to industry standards and best practices, supported by specialized technical teams and a robust service infrastructure. Guided by a strong commitment to quality, innovation, and customer satisfaction, Bahrain Gas is proud to have been the big part of completing sophisticated world class projects ranging from industrial plants, shopping malls and renowned restaurants in Bahrain.

Since April 1962, Bahrain Gas has defined excellence in LPG, delivering seamless integrated gas systems, refined kitchen solutions, and premium appliances for generations

*"Established in April 1962
by Mr. Mohammed Bin Ali
Alhasan."*

From its beginnings to its present day leadership, Bahrain Gas has remained committed to safety, quality, and reliability, growing alongside Bahrain while continuing to serve the nation with trusted energy solutions.

OUR HISTORY

Established in April 1962 by Mr. Mohammed Bin Ali Alhasan, Bahrain Gas began as one of the Kingdom of Bahrain's pioneering gas distribution companies. Over the decades, the company has evolved and diversified into a comprehensive solutions provider, serving both residential and commercial sectors with a broad range of kitchen equipment and integrated services.

Beyond its core operations, Bahrain Gas has expanded its portfolio to include fuel management systems, refrigeration gases, and a wide range of related services. This strategic growth has strengthened the company's position as a trusted and multifaceted leader in gas distribution, equipment, and services.

Guided by its founding values, Bahrain Gas remains committed to continuous innovation, strengthening service delivery, and pursuing excellence across all aspects of its operations consistently striving to exceed customer expectations today and in the years to come.

Our Key Milestones

A Legacy of Reliability Since 1962

For over six decades, Bahrain Gas has played a vital role in advancing the Kingdom of Bahrain's LPG distribution and gas solutions industry. From its establishment in 1962 to its evolution as a full-service gas solutions provider, the company has consistently delivered safe, reliable, and uninterrupted LPG services. Guided by rigorous safety standards and operational capabilities, Bahrain Gas remains a trusted partner across residential, commercial, and industrial sectors.

VISION & MISSION

Our vision sets the direction, and our mission defines the commitment behind every action.

Our Vision

To empower homes and businesses across the Kingdom of Bahrain with safe, efficient, and innovative LPG, kitchen equipment's, home appliances, and fuel management solutions that improve quality of life.

Our Mission

Our mission is to be a responsible corporate organization, contributing to the socio-economic development of the communities we serve, while consistently delivering the highest levels of customer satisfaction and maintaining exemplary safety standards.

Mission Pillars

Each of our mission pillars represents a commitment we uphold every day guiding how we operate, how we serve our customers, and how we deliver safe, reliable, and responsible gas solutions across Bahrain.

01

Safety First

Rigorous safety protocols, 24/7 emergency response.

02

Customer Excellence

Personalized service, fast response times, and proactive solutions.

03

Innovation

Investing in smart technologies and energy efficient systems.

04

Sustainability

Safe and sustainable LPG and kitchen solutions.

05

Community Impact

Supporting local initiatives and national development goals.

Values that guide every decision we make.

Our Values

Our values define who we are and how we serve Bahrain:

Integrity

*Honest, transparent,
and ethical operations*

Excellence

*Relentless pursuit of
quality in every product
and service.*

Accountability

*Ownership of our actions
and commitments.*

Respect

*Valuing people,
communities, and the
environment.*

Innovation

*Embracing change to
meet future challenges.*

Our values define who we are and how we operate. They guide our decisions, shape our culture, and reflect our unwavering commitment to safety, integrity, and excellence in everything we do.

FOUNDER'S MESSAGE

“At Bahrain Gas, our commitment is to deliver safe, reliable solutions that support everyday living and national growth. “

Mr.Mohammed Bin Ali Alhasan

Founder

At Bahrain Gas, our journey has always been guided by a clear purpose: to serve the Kingdom with integrity, responsibility, and unwavering commitment to safety and quality. From the very beginning, our focus has been on building a company that customers can trust and generations can rely upon.

As Bahrain continues to grow, so do the expectations placed upon us. We have responded by strengthening our infrastructure, expanding our distribution network, and investing in systems that ensure the consistent and dependable delivery of LPG across residential, commercial, and industrial sectors. These efforts reflect not only our operational priorities, but also our deep sense of responsibility to the communities we serve.

Looking ahead, we remain firmly rooted in our founding values while embracing innovation and progress. By continuously enhancing our capabilities and service standards, Bahrain Gas will continue to set benchmarks for excellence, supporting the Kingdom's needs today and well into the future.

“ Guiding the company with vision, governance, and responsibility. ”

MESSAGE FROM THE CEO

At Bahrain Gas, our mandate transcends the mere provision of safe and reliable energy solutions. We view ourselves as pivotal architects of the Kingdom's socio-economic landscape, steadfast in our commitment to fostering sustainable growth and national advancement. Historically rooted yet forward-facing, our corporate trajectory is rigorously aligned with Bahrain Economic Vision 2030, catalyzing economic diversification and the development of world-class infrastructure to enhance the collective prosperity of our communities. Operational virtuosity, stringent governance, and an unwavering adherence to safety protocols constitute the bedrock of our enterprise. We maintain a relentless focus on:

- **Technological Integration:** Investing in sophisticated, state-of-the-art systems to optimize delivery.
- **Human Capital:** Cultivating a high-caliber workforce equipped to navigate an evolving energy sector.
- **Stakeholder Value:** Delivering consistent, high-fidelity service that ensures long-term fiscal and operational stability for our partners.

As we navigate an era of rapid industrial transformation, Bahrain Gas remains dedicated to pioneering innovation and the seamless integration of sustainable modalities. Our growth is tempered by responsibility and guided by our immutable founding principles of reliability, integrity, and meritocracy.

We are honored to serve as a cornerstone of the Kingdom's journey, contributing to a future defined by resilience, sophistication, and enduring prosperity.

OUR MAJOR PROJECTS

Bahrain Gas has successfully delivered a diverse range of projects across the Kingdom of Bahrain, reflecting our commitment to safety, quality, and operational excellence. Our work spans petroleum services, safe gas line installations, commercial food service systems, and professional equipment solutions, serving residential, commercial, government and industrial clients with unrivaled reliability.

The following represent some of Bahrain Gas's major projects delivered across the Kingdom of Bahrain.

Major Projects

“Bahrain Gas has successfully completed 100+ major projects across the Kingdom, delivering high impact infrastructure defined by performance, safety, and innovation. From worldclass catering systems to complex industrial installations and comprehensive LPG solutions, each project reflects our commitment to engineering excellence and operational reliability.”

QUALITY POLICY

At Bahrain Gas, we are dedicated to delivering safe, reliable, and uninterrupted LPG supply to our valued customers.

We ensure strict compliance with our policies and system requirements across all teams and partners, delivering consistent excellence in service and product quality.

Our operations fully comply with Civil Defense regulations and codes, and we invest in the continuous development of our team through internal and external training programs.

Through continuous measurement, monitoring, and process improvement, we remain committed to enhancing operational effectiveness, system quality, and long-term reliability for our customers and stakeholders.

- ✓ Compliant with applicable international standards, codes, and regulatory requirements.
- ✓ Continuous development of employee competence through internal and external assisted training programs.
- ✓ Well maintained Quality Management System in accordance with Bahrain ISO certification.
- ✓ Apply a Risk Based Thinking Approach and continuous updating of technologies for emergency preparedness.
- ✓ Continuous improvement of our process effectiveness and system quality by persistent measuring and monitoring.

TECHNOLOGY & DIGITAL SYSTEMS

Bahrain Gas utilizes advanced enterprise technology platforms to ensure safe, efficient, and transparent operations across all business units. Our digital systems support real-time monitoring, process automation, and informed decision-making, strengthening service reliability and operational excellence.

Enterprise Resource Planning (ERP)

SAP enables integrated management of finance, procurement, inventory, assets, and human resources, ensuring accuracy, governance, and operational efficiency across the organization.

Operations & Fuel Management

OCTANE is a comprehensive solution based on SAP BI and powered by Embee. This employee onboarding software's features make Octane an HR tool that will enable you to manage your workforce with much more ease and flexibility.
